My Comment to the FCC

Please leave Wisconsin's No Call List as it is. It has helped greatly to reduce the number of intrusive calls from telemarketers, people doing surveys, and solicitors.

These calls are an intrusion into the privacy of our homes and should not be allowed. Wisconsin has done a good job with its No Call List and that list should be left intact as the citizens of WI want it to be. Thank you

Dear Madam/Sir:

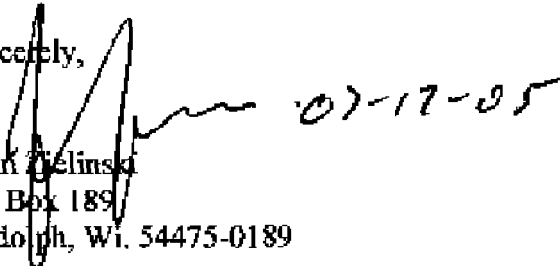

I do not want telemarketers calling. I do not want telephone calls at all hours of the day or night. I want the Wisconsin Do Not Call list to remain as is!

Who do you represent? The telemarketers and non-profits? How much are they paying you?

A vast majority of the people of Wisconsin have signed up for the No Call list. We like our NO CALL LIST just as it is. What part of this don't you understand? Come to Wisconsin and we can find some grade school kids who can explain it to you.

In high school I was taught that in the United States of America, we have "Government of the people, by the people, and for the people." But looking at the way you operate, I have to believe that we now have "Government of the people, by the special interests, for the wealthy."

Sincerely,

Gentlemen:

Please notify the FCC of my concern over possible deregulation of Wisconsin's "No Call List."

It seems that I pay increasing amounts each year for the privilege of having a telephone in my home for my convenience. I do not wish to pay for the convenience of telemarketing companies! As I am 72 years old and slightly handicapped, it is important to me to have a telephone for my own communication and emergency use. This phone should not be a disturbance with irritating calls from telemarketers! There are very few products that I'm interested in purchasing, and most certainly I would not purchase anything from anyone soliciting over the phone!

I understand that a coalition of telemarketers and telemarketing firms have petitioned the FCC to declare that states have no ability to regulate interstate telemarketing and I urge you to void their efforts!

The Federal Communications Commission must protect the right of citizens to have a safe and quiet phone system in their homes - we are paying for it and have a right to expect it.

My friends and I very much appreciate your efforts to keep telemarketers off our telephones.

Sincerely,

Elsie L. Eddy

To the Federal Communications Commission,

AUG 2 2005

This letter is to let you know how strongly I feel about the Wisconsin No Call List. I went out of my way to get on the Wisconsin list and the federal list as soon as it was allowed. My husband and I are very serious in saying that we do not want telemarketers to call our home. We also do not want to receive calls from organizations asking for charitable donations, but since that isn't covered, we can't do anything about that. We will NEVER order or buy products from someone who calls our home. We also do not donate to charities that call our home and we inform each one that calls of our policy. In matters where corporate policy conflicts with the very clear wishes of individuals, we would like to see the FCC stick up for the individual. This is one of those situations, so here is a chance for the FCC to step up and tell corporations NO. Please leave Wisconsin's law alone. It works well. Thank you for your time.

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Subject: RE: Federal-State Joint Board on Universal Service -- Docket 96-45

Dear The Federal Communications Commission:

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

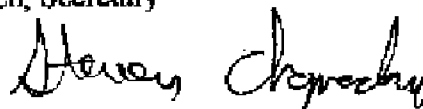

The Keep USF Fair Coalition submitted the Fair Share Plan to the FCC on January 31, 2005. It expands who pays into the USF so that other technologies - not just phones - pay into the system. The Fair Share Plan collects the USF using a combination numbers- and revenue-based plan. This keeps the system fair, equitable and non-discriminatory.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.

cc: Marlene Dortch, Secretary

Re: 2005 CG Docket - 02-278; DA 05-1346, Telephone Consumer Protection Division of Trade & Consumer Protection
 I have elected to comment on Docket No. 02-278, a Petition for Declaratory Ruling asking the Commission to preempt certain sections of the Wisconsin Statutes and Wisconsin Administrative Code as it applied to interstate telephone calls.

I understand that I am making a public filing. Any information that I submit will be available to the general public.

My Name Mr Dennis ENGMANN

My Address 4711 Ney A Tr CT.

City West Bend State WI Zip Code 53095.9212

My E-mail _____

My Comment to the FCC

I don't want UN-solicited calls!
Please do not weaken Wisconsin's NO-
CALL laws.

If the Wisconsin Department of Agriculture, Trade and Consumer Protection, PO Box 8911, Madison WI 53708-8911 receives these comments, by July 29, 2005, the comments will be forwarded by DATCP to the FCC.

Comments may also be sent directly to the FCC by sending an **original and 4 copies** by US Postal Service first-class mail to:

Office of the Secretary

Subject: RE: Federal-State Joint Board on Universal Service -- Docket 96-45

Dear The Federal Communications Commission:

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

The Keep USF Fair Coalition submitted the Fair Share Plan to the FCC on January 31, 2005. It expands who pays into the USF so that other technologies - not just phones - pay into the system. The Fair Share Plan collects the USF using a combination numbers- and revenue-based plan. This keeps the system fair, equitable and non-discriminatory.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.

cc: Marlene Dortch, Secretary

Sincerely,

Sheila Buchwalter

No Call List

*Dept. of Agriculture, Trade
and Consumer Protection
P.O. Box 8911, Madison, WI 53708*

Dear Sirs,

Please continue to keep the no call list law in effect. I am a 78-year-old woman who uses a cane to get around. It's no fun having to hobble to the phone when it rings only to find a telemarketer on the other end.

The last call was a recording so I couldn't even ask for the name, address and phone number to report it. They seem to manage to circumvent any rules of control.

Yours truly,

RE: Consumer Banker's Association Petition

Dear Sir or Madam:

Recent reports have surfaced describing the Consumer Banker's Association (CBA) petition to the Federal Communications Commission (FCC) which asks that the Do Not Call Law in Wisconsin be preempted by the weaker federal Do Not Call Law. I would like to voice my vehement opposition to this position. The state statute that prevents intrusive interstate telemarketing calls has been widely praised in Wisconsin. Diluting this statute by instituting the weaker federal law would subject Wisconsin residents, like myself, to again be harassed by telemarketers. Our Do Not Call Law was well written, and has been very effective. The FCC should not attempt to overstate its authority by enacting their weaker version.

If you have any questions regarding my position please contact me. Thank you for the opportunity to voice my opinion on this important subject.

Sincerely,

James C. Tauschek, DDS

AUG 2 2005

I do not want any company calling me at home to sell or solicit me. If I need to purchase something I will call them.

I want the No call list to continue ⁱⁿ ~~if~~ fact I don't think it goes far enough. I don't ^{want} the public officials I vote into their offices to solicit me either or to poll me, ~~either~~.

I find it most annoying to have them call to assume or to ask me if I am a democrat or republican, that's why we have a poll booth with curtains so no one knows who I vote for. These elected officials are no better than me, why should they have a privilege that business or the private person who wants to go into business doesn't have.

My phone is for people who I give my telephone number to, not who reaches my telephone number.

Dear FCC,

In response to a recent Petition by the (CBA) Consumer Bankers Association to your Department, Please do not allow the Wisconsin Do Not Call law to be lapsid. Please keep all enforcements intact. We do not want any incessant telemarketing calling. If we want to purchase products, we know where to buy them. These calls are just a nuisance. Thank you. J. Brulle

Dear ~~DECC~~ - MAILROOM

My husband and I have chosen a phone as Tracfone which will only activate on pre-purchased time.

I have bought two; one for our son and one for me. I want him (son) to have the phone for security and quick communication; and I can not afford any other phone.

If this tax is approved directed to phones that make few calls to pay an even higher rate, I assure you that I will not purchase this phone (if the rates go up). Please make everyone pay equally.

Thank You
Mrs. Steven Chojnacki
